

Mr. Noah Built an Ark

Noah Builds a Boat; Noah and the Flood
Genesis 6–9

Tune: “This Old Man”

Mr. Noah built an ark—
built it out of gopher bark.
With a *zzz, smack*, give a *whack*,
build a floating zoo.
God helped Noah—He’ll help you.

Mr. Noah built a boat—
smeared with tar to make it loat.
With a *zzz, smack*, give a *whack*,
build a floating zoo.
God helped Noah—He’ll help you.

Mr. Noah searched to find
animals of every kind.
With a *zzz, smack*, give a *whack*,
build a floating zoo.
God helped Noah—He’ll help you.

Mr. Noah felt a drop—
rained 40 days and didn’t stop.
With a *zzz, smack*, give a *whack*,
build a floating zoo.
God helped Noah—He’ll help you.

Mr. Noah parked the boat.
The land was dry—it would not loat.
With a *zzz, smack*, give a *whack*,
build a floating zoo.
God helped Noah—He’ll help you.

Mr. Noah spied a sight—
a rainbow bright with colored light.
God saved animals,
and Noah’s family.
He helped Noah—He’ll help me.
