

Who Can Help?

"The _____ is my _____;
word, Lord enemy, helper
I will not be _____." Hebrews 13:6
afraid, happy

Directions: One picture at a time, talk about how David may have felt in each situation. (Caught outside with his sheep during a bad storm; meeting King Saul for the first time; being anointed by the prophet Samuel; going out to fight the giant Goliath). When we face situations where we might be afraid, remembering this week's Bible verse can help us. Complete the memory verse by looking up the verse in a New International Version Bible. Write the correct word in the blank. When the verse is completed, read it aloud together.
